

Ordinance Committee

7-9-2018

Meeting started at 5:15 p.m.

Members present - Todd Talaski, Ken Rathje, Jerald Ignash and Patricia Desjardins

Other Present – Jamie Learman

The committee reviewed the following ordinances:

Golf Carts - Two ordinances were used for reference from other communities regarding allowing golf carts on City streets. If adopted, the City could then ask the state for approval to allow operation on M-25 where the speeds are no more than 30 m.p.h. The committee was all in favor of recommending to Council and sending this language to John Ferris for review.

R-1 District Permitted uses after special approval 1268.03(a) - The committee felt that this section of ordinance was going too far by telling someone what they can do with their home. There were complaints about a residence that was allowing a room to be rented by “tourist”. The complaint was regarding animal noises and vehicle parking both of which could have been dealt with in other chapters of the ordinance book. The committee’s recommendation was to remove this from the books.
